Considering your polymer options for that print job? Here's a quick visual guide on the range of films we offer.

From Rigid to Flexible, from clear to white and colored we offer a good selection of films in different substrates; all available with controlled dyne levels to ensure superb printability and excellent adhesion — perfect for vibrantly sharp and attractive graphics.

With a wide range of custom converting capabilities, all our print films are cut to size. Large format and tipping are also available.

Ideal for: Digital | Silkscreen | Offset
